

Gabriel demonstrated creativity and a strong sense of humour while designing and creating a character using a butternut squash. He chose exaggerated facial features, such as large eyes and a wide smile, to give the character a playful and funny expression. Gabriel added bright colours and decorative details to make the character visually striking. During the activity, he explained that the character had a humorous backstory, describing it as a butternut squash that enjoys entertaining others. Gabriel confidently shared his ideas and design choices, showing imagination, enjoyment in storytelling, and a willingness to experiment with different materials to bring his character to life.
